American University Union, 173, boulevard Saint-Germain, PARIS (6^e) (1927). — L'American University Union est une organisation dirigée par un groupe de grandes Universités et Collèges, et par les principales associations et fondations de l'enseignement supérieur des Etats-Unis. Elle est une partie de l'American Council of Education et The Institute of International Education. L'American University Union comprend deux divisions : la division continentale, 173, boulevard Saint-Germain à Paris (VI^e) et la division britannique, 50, Russell Square, London W. C. 1, et un Bureau à Rome. Elle est la seule organisation en Europe qui représente officiellement l'enseignement supérieur des Etats-Unis. — Le but de l'American University Union est de favoriser un rapprochement de plus en plus étroit entre les universités européennes et les universités et collèges américains. Elle a constitué un Bureau de Renseignements où sont réunis tous les éléments d'information relatifs à l'enseignement supérieur en France et en Grande-Bretagne et où Professeurs et étudiants des Etats-Unis peuvent se documenter spécialement au sujet des conditions pratiques de la vie de ces deux pays. Cette organisation se met aussi à leur disposition pour les aider dans leur orientation et leur éviter ainsi toute perte de temps et toutes sortes de difficultés. Les professeurs et étudiants étrangers désireux de faire soit des études, soit des recherches aux Etats-Unis, trouveront le Bureau de renseignements également bien documenté relativement aux universités, collèges et écoles supérieures techniques américains. — A Paris, l'American University Union est un centre d'études, de réunions et de conférences, mettant à la disposition des professeurs et étudiants américains une salle de lecture et de correspondance, une salle d'études, une bibliothèque, etc. Son siège social, 173, boulevard Saint-Germain, est ouvert tous les jours de 9 h. à 18 h., sauf le samedi après-midi et le dimanche. — Directeur : Ch. LISTE D'ÉCHANGES

Les Savants inscrits sur cette Liste désirent échanger avec leurs Confrères les Mémoires originaux qu'ils ont publiés.

La désignation des sujets qui les intéresse précède leurs noms.

L'inscription dans cette liste est accordée gracieusement aux savants, professeurs ou non, qui en font la demande au Directeur de l'Index Generalis, 46, rue Jacob, Paris (VI^e).

Le Directeur désire que les adhésions à la liste d'échanges de la huitième édition de l'Index Generalis lui soient adressées le plus tôt possible. La liste de 1926 a été close le 1^{er} juillet 1927.

L'inscription peut être demandée : soit pour les sujets indiqués dans la liste qui suit, soit pour des sujets différents de ceux-ci; le choix le plus large est laissé aux intéressés, mais l'inscription est limitée pour chacun à trois catégories.

Les Auteurs sont priés de n'envoyer à leurs collègues que les travaux présentant un réel intérêt et de les envoyer aussi au Directeur de l'Index Generalis.

Quelques personnes inscrites dans cette liste n'ont pas renouvelé leur inscription en 1926 : le non-renouvellement de l'inscription en 1928 entraînera la radiation.

TABLE ALPHABÉTIQUE

Nous avons pu, au cours de l'impression du volume, tenir compte d'un certain nombre d'épreuves revisées qui nous sont arrivées en retard; nous avons corrigé le texte relatif à quelques Universités ou grands Collèges, en nous reportant aux dites épreuves, mais nous n'avons pu corriger, pour ce qui les concerne, la table alphabétique ci-après.

Pour faciliter l'usage de la Table alphabétique générale.

Pour permettre de trouver rapidement dans une page les noms figurant dans la Table alphabétique, nous avons fait suivre le numéro de la page d'un nombre qui varie de (1) à (8). Ce nombre indique la partie de la page où on trouvera le nom. Il conviendra pour connaître l'ordre des divisions de se reporter au tableau ci-contre.

N. B. — Si un nom est suivi de 2 fois, 3 fois la même indication de page et de carré, c'est qu'il se trouve 2 fois, 3 fois, dans la même page et dans le même carré.
